Three aeronauts were killed in
the United States last week.

King Edward now expects to be
well enough to be crowned about
August 11th.

Six deaths and 20 prostrations
from heat were reported from Pitts-
burg Tuesday.

The Mayfield Messenger is blow-
ing because the weddings in Graves
county for the last three years have
averaged one a day.

The military encampment of the
Third Regiment will be held at
Mammoth Cave during the latter
part of July.

Charlie Lewis has sold the Har-
rodsburg Democrat to Rev. C. E.
W. Dobbs, the well known Baptist
divine.

The Henderson Journal of Wed-
nesday says Mr. Stanley is this
week engaged in a canvass of Hen-
derson county. He and Judge Tay-
lor spoke at Sebree Monday. Mr.
Brasher is finishing his canvass
of Christian this week.

Harry Tracey, the Oregon con-
vict, who has already killed four of
his pursuers, is still at large. His
latest exploit was to sprinkle cay-
enne pepper on his trail and baffle
the bloodhounds.

The Crittenden Press of this week
was a mining edition calling at-
tention to the wonderful mineral
resources of Crittenden in zinc,
lead and fluor spar, recently
brought to light. Crittenden in
mineral wealth is destined to rank
with the best counties in Kentucky.

Gov. Jeff Davis takes offense at
the mere suggestion that the Presi-
dent may appoint Senator Jones, of
Arkansas, on the canal commission.
Gov. Davis should remember that
most of our millionaires made all
their money by attending to their
own business.

Deafness Cannot be Cured

by local applications, as they can-
not reach the diseased portion of
the ear. There is only one way to
cure deafness, and that is by con-
stitutional remedies. Deafness is
caused by an inflamed condition of
the mucous lining of the Eustachian
tube. When this tube gets inflamed
you have a rumbling sound or
imperfect hearing, and when it is
entirely closed deafness is the
result, and unless the inflammation
can be taken out and this tube re-
stored to its normal condition,
hearing will be destroyed forever.
Nine cases out of ten are caused by
catarrh, which is nothing but an
inflamed condition of the mucous
surfaces.

We will give One Hundred Dol-
lars for any case of deafness
(caused by catarrh) that cannot be
cured by Hall's Catarrh Cure.

Rheumatism

What is the use of telling the rheumatic
that he feels as if his joints were being dis-
located?

He knows that his sufferings are very
much like the tortures of the rack.

What he wants to know is what will per-
manently cure his disease.

That, according to thousands of grateful
testimonials, is

Hood's Sarsaparilla

It promptly neutralizes the acid in the
blood on which the disease depends, com-
pletely eliminates it, and strengthens the
system against its return. Try Hood's.

THE PARTY LAW DEFECTIVE.

The Owensboro Messenger thinks
if a primary election should be
called to keep poor men from run-
ning for office in the State, a scheme
should be devised to have the
voters express first, second and
third choice, to prevent a minority
candidate from getting the nomina-
tion. This could be best done by
having pro rata conventions in each
of the precincts and assigning to
each candidate the portion of the
county vote shown by his strength
in the several precincts of the coun-
ty. This plan has been followed in
the Second district in several con-
tests and always with satisfaction.
A knowledge of decimal fractions is
all that is needed to calculate the
exact standing of every candi-
date in every county. This method
is inexpensive and the \$60,000
necessary to hold a State primary
could be turned into a campaign
fund. Besides it is also well
enough to bear in mind as we go
along that the State Committee,
under the party law, has no
power to levy assessments, ex-
cept at the request of candidates.

A poor man shut out by an as-
sessment of \$2,000 could enjoin the
committee from leaving his name
off the ballot and it would hold
good in law. The powers of the
State Committee are well defined
and the authority to tax
candidates is not one of
them. It may provide for nomi-
nating candidates, but must also
provide for defraying the expenses
unless the candidates choose to
pay. In holding conventions, the
city entertaining the convention, or
the committee itself, has always
borne the expense and the only way
the \$60,000 fund could be raised
would be by voluntary subscrip-
tions by candidates and others who
are advocating a "prohibitive
tariff" on party nominations. The
Messenger also calls attention to
the fact that no set of Democratic
candidates heretofore nominated in
Kentucky ever contributed the half
of \$60,000 to the campaign fund,
and if it shall be decided that the
ticket is to be made up of rich men
and that the committee has the
legal right to tax the candidates,
then it would be a good idea to
raise enough money in advance to
have some left to use in the cam-
paign following the nominations.

PUBLIC BUILDING ISSUE.

Mr. Brasher is so far the only
candidate who has pledged himself
unreservedly to work for a public
building in Hopkinsville, which
was defeated last session by the
substitution of the Henderson
building for the Hopkinsville build-
ing, which had been promised Dr.
Clardy. Owensboro and Henderson,
within a few miles of each other,
each has a building finished or
underway, while there is not a public
building within seventy miles of
Hopkinsville. Owensboro is clamor-
ing for an addition and Henderson
will probably not be satisfied with
a \$40,000 structure. If we ever get
a building for government business
in Hopkinsville we must elect men
who will pledge themselves in ad-
vance. For this reason, if no other,
the voters of Christian county are
turning to John Brasher almost to
a man.

BRASHER MAKES GAINS.

The contest in Christian county
shows a decided change in the out-
look, since the KENTUCKIAN made
its last forecast on the probable re-
sult of the congressional primary
August 2. Instead of 1,300 votes
for Brasher and 700 for his two op-
ponents, it now looks like the Hop-
kins candidate would alone have
2,300 votes. The opposition to Bra-
sher is gradually disappearing in
this county and the indications all
point to a practically solid support
for him. In many precincts there
is no opposition at all and even in
this city it is now conceded that
Brasher will get a majority of all
the votes cast. The vote in the
county is liable to be much larger
than at first seemed probable. It
is now quite safe to estimate Bra-
sher's majority at 1000 votes. He
has inherited practically all of the
Hickman following and the doubtful
vote is lining up for him almost to a
man.

The Same Old Story.

J. A. Kelly relates an experience
similar to that which has happened
in almost every neighborhood in the
United States and has been told
and re-told by thousands of others.
He says: "Last summer I had an
attack of dysentery and purchased
a bottle of Chamberlain's Colic,
Cholera and Diarrhoea Remedy,
which I used according to direc-
tions and with entirely satisfactory
results. The trouble was controlled
much quicker than former attacks
when I used other remedies." Mr.
Kelly is a well known citizen of

Maude McCawley, of Henderson.
The lucky woman's husband is the

Springs the deceased lived with
them. Mr. White was interested
in coal mines at Hsley, near Daw-
son, and was worth about \$100,000.

Ice For the Poor.

The Consumers Ice Co. has made
a record of selling 18 tons in one
day, within two tons of its full ca-
pacity. The Hopkinsville people
are now using at least 20 tons of
ice a day at 25 cents, whereas one
factory of 10-tons capacity supplied
the demands when ice was 60 cents
a hundred. Cheap ice has proven
a blessing to many families who
could not afford to pay high prices.

Order Held Up Thirty Days.

Mr. Frank Smith, who is out on
parole from the Eddyville peniten-
tiary, came near losing his freedom
last week by getting drunk. Many
influential citizens of Hartford inter-
ceded in his behalf, however, and the
prison board, after considering the
case, suspended the order for thirty
days to give him another chance.
